18th October 2018

Dear Parents/Guardians,

We're here to keep your child safe online

O2 and the NSPCC have joined forces on a mission to help all children and their families in the UK to stay safe online. Together, they're offering useful tools, support and guidance to help parents and carers have frequent conversations with their children about their online lives.

Our free online safety workshop for parents and carers

We would like to invite **all** parents, carers or family members to a free online safety workshop at **St Peter's Primary School on Monday 19th November at 2 p.m.** The content covered in the workshops is aimed at adults. Parents with children are advised to arrange childcare if possible.

The hour-long workshop will help parents, carers and other adults understand their child's online world, build confidence to have those important conversations that can help keep children safe online and help you know where to go for help and advice.

"After coming to this workshop today, I realise the importance of having conversations with my child rather than avoid the subject. I didn't know there were things I could do to make it better, I'm so glad I came to this workshop. I will definitely be calling the helpline or going into store to get some help, thank you" – Parent who attended the workshop

Don't miss out this great opportunity. Bring your questions to the workshop. In order to assess the numbers who may attend please complete the form below and return it to the school by Monday 22nd October 2018.

Until then, if you need any support or guidance about keeping children safe online, here are a few things you can do:

- Call our free O2 NSPCC Online Safety Helpline on 0808 800 5002
- Download our Net Aware app on the App Store or Google Play

Yours sincerely

S Falls
Principal

Reply Slip

I, _____ (parent) of child/children will attend this online safety workshop at 2pm on Monday 19th November 2018.
