

## Using myON reading and arbookfind

For using the myON series to find and quiz on books there is a little work-around. Unfortunately, it is not as simple as just listening to a story and searching for it. There are lots of titles available on myON, but not all of these titles are available to quiz. You can use [www.arbookfind.co.uk](http://www.arbookfind.co.uk) to find out which titles you can quiz on. I'll show you this below.

The screenshot shows the Renaissance Accelerated Reader Bookfinder home page. At the top, the word "RENAISSANCE" is in green, and "Accelerated Reader Bookfinder™" is in blue. Below this, it says "United Kingdom & Ireland" and "Searching for Accelerated Reader books is fun and easy with this free online tool." There is a section titled "Please tell us who you are:" with radio buttons for "Student", "Parent" (which is selected), "Teacher", and "Librarian". A blue "Submit" button is below the radio buttons. To the right of the form is a green magnifying glass icon. At the bottom, there is a small copyright notice: "©2017 Renaissance Learning, Inc. All rights reserved. | Privacy Policy | Terms of Use".

Choose the parent option on the home screen of arbookfind and submit.

The screenshot shows the Renaissance Accelerated Reader Bookfinder advanced search page. At the top, it says "RENAISSANCE Accelerated Reader Bookfinder™" and "United Kingdom & Ireland" with a map of the UK and Ireland. Below this, there are tabs for "Parent", "Quick Search", "Advanced Search" (which is selected), and "Collections". On the left, there is a sidebar with a green "AR BookBag™" icon and a section titled "Enter Keycode" with a text input field and a "Go" button. Below this, there is a note: "You do not need a Keycode to search. However, if your child's teacher gave you a Keycode, enter it here to search the most relevant books for your child." The main search area has several input fields: "Title", "Author", "Series", "Publisher", and "ISBN". Below these are dropdown menus for "Quiz Released" (set to "Any Time"), "Quiz Type" (set to "Any Quiz Type"), "Interest Level" (set to "Any Interest Level"), and "ZPD Range/ATOS Book Level" (with a "Show Lexile® Measure" link). There is a note "select an Interest Level first". Below these are "Additional Criteria" dropdown menus for "All Topics", "All Subtopics", and "Fiction and Non-fiction". At the bottom, there is a "Sort" dropdown menu set to "Title" and two buttons: "Search" and "Clear Form".

On the next screen, be sure to select advanced search. If you move down to 'Additional Criteria' next and tap on it. Make sure to scroll all the way down and select myON books.

Using the grey coloured bar on the left you can now refine your search. From here you can choose Lower Years, Middle Years or Upper Years.

After you have refined by Lower, Middle, Upper etc. you can even refine by the ATOS Book Level. This is the numbers that the children will know for their own reading. They could be reading books from 1.5 – 3.1 so you can refine by this to aid selecting titles even more.

From here, you can then navigate back to the myON website and search for the titles they want to read. This way you will know these books are definitely on the AR system and you can search and find them to complete your quizzes online.

Unfortunately, this is not as simple as I had hoped, but this way will definitely work for you. Maybe it would be easier to make a list of all the books on arbookfind then you can tick them off your list as you find them on myON and complete each quiz.
